APPLICATION REVIEW PROCEDURES

Each application should be submitted in triplicate to the ARC. The application will be forwarded to the ARC and reviewed for completeness. If the application is complete, the review process will begin. If not, the application will be returned to the homeowner for additional information. The ARC has thirty (30) days from the date of acknowledged receipt of a complete application to review it. The decision of the ARC will be sent via a copy of the approved / disapproved application to the applicant's address. Failure of the ARC to act upon a request within thirty (30) days after the date of acknowledged receipt shall result in the request being automatically approved unless the proposed modification is in conflict with the existing rules and regulations.
